HOW TO USE THE UNION LIST OF PERIODICALS

This catalog includes the periodical holdings of the San Francisco Public Library, Main Library, Civic Center; the Business Branch Library, 530 Kearny Street; and the Peninsula libraries listed on page iii and iv. Holdings for the branches of the San Francisco Public Library system are included only if they supplement the holdings of the main library, or if the title is unique to the branch.

Listing is alphabetical by title with newspapers listed separately in the blue section at the end of the catalog. Immediately below the title and descriptive notes are the holdings for San Francisco Public Library, indicated by "SFPL." The column to the right of the title shows the subject department or the branch in which that title is located, and the call number. These locations and call numbers refer to San Francisco Public Library only. When a row of asterisks is printed beneath the SFPL holdings, it is followed by the holdings of the Peninsula Library System with symbols to indicate the names of the member libraries. A list of these libraries and their symbols begins on page iii.

Periodicals are listed under the latest title with "see" references from earlier titles. Journals, transactions, bulletins, proceedings, etc., are listed under the name of the organization which published them unless they have a distinctive title, in which case they are entered under it. A selection of government documents, annuals, symposiums, and yearbooks is included. For items not found, check also the main card catalog and the documents department.

Holdings statements are brief, with no abbreviation for "volume" before the volume numbers, and with months abbreviated to two letters. If the publication is in any medium other than paper, e.g. microfilm, this is indicated. An explanation of the symbols and abbreviations used in the catalog is given on page ii. The statement "CIRCULATING ISSUES ALSO AVAILABLE" means that issues of the past 6 months may be circulated. Where no holdings statement is shown, it should be assumed that the title is on order, and that you may check with the subject department to see whether issues have arrived.

For information about loan policies, see pages iv and v.

Printed By

This catalog has been produced by the Periodical Processing staff of the San Francisco Public Library: Emily Boyles, Terry Carroll, Doris Chew, Gene Moore and Jerry Smith. The cooperation of the Peninsula Library System, especially Shirley Fedele and Margie Pennington, has been most appreciated.
